

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since 1959. Whether the task involves landing loads on scaffoldings, transferring loads or positioning heavy steel, utilizing a Lull telehandler would really help make the task go easier and faster. These units are available with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull is able to supply eighty inches of boom travel for precision placement capabilities. There are even a lot of optional Lull attachments for their telehandlers to help do any job.
