

Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically activates to unload as soon as bumper release touches the side of a dumpster. After dumping is completed, the hopper goes back to a locked and upright position. This piece of equipment even comes with a cable that enables operation from the seat of the forklift in order to have the choice of manually unloading the hopper. There is a locking chain provided in order to secure the hopper to the tine truck. This particular product is constructed with consistent and reliable robotic welds for maximum strength. The lift truck dumping hopper also has a blue powder coat finish to maintain durability.
